IDK why he would play this game if he'll give up on the 23rd hour. How did he think things would end? I could over look his pro Israel stance but wtf today has really made me question everything. Will probably never vote again because today we learned democracy is dead and has been dead for we don't know how long.

edit: Just to make this clear trump isn't above reproach if anything we need to make that clear, he is our leader but we can disagree with him but follow because he has our best interest. Defending the police after they blindly shot

and killed one of his supporters is a gaffe and he should hear criticism for it. Us>Pigs

I have never been cattle. I believe in the ideals of the movement, not Trump. I was always frustrated by the worship of this man who I knew had flaws. I have always hated the Leftist and their propagandists and their hatred of my race, long before there were any online communities to tell me I wasn't alone. I want to go on fighting, even if we have to make our own banner.

Right i saw the video of that disgusting and even more disgusting is Trump's reaction to it. I dont care for optics, I don't care for a Trump dynasty I care for what is right and what is right is this election was stolen from him. Man the fuck up, this year he let governors run the country and has been weak overall, i thought it was for optics but i'm getting the feeling he is doing this for dynasty.

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

This.

In just the last few months we have been stripped of our constitutional rights, forced into lockdowns, lost our abilities to provide for ourselves and our loved ones, and soon, we'll be forced to get vaccinated if we want to continue providing for ourselves and our families.

Meanwhile, those responsible for this sham continued to live their extravagant lifestyles.

I wondered why Trump decided to allow state governors to ruin so many lives. I told myself it was for the optics.

But looking back, I've been saying "it's for optics" for the last four years. It seems like he had the power to do so many things to benefit the American people, but he chose not to "for optics".

Until otherwise noted, it's probably best for opsec and for the sake of our nation to just have to assume Trump is compromised at this point, unfortunately. That's why I'd said all along that patriots should mentally be prepared to fight with or without Trump, and that even if Trump concedes, the fight must go on.

They could just impeach him if he didn't do what he just did. Congratulations on showing them we'll fight and inspiring so many to. The genie isn't going back into the bottle.

Let's see what comes out now that everything's exposed. Trump may know more than he let on and he wanted to show us he was being abandoned by the GOP.

Trump started it by allowing people to see how crooked everything was. All he did was try to make things better and safer for Americans. People noticed how the entire government, FBI, CIA, DOJ, media, Hollywood, were all against him. It became clear they were all part of the same evil, controlled movement. That is what Trump did, he just made it stand out. But, now we can never close our eyes again.

Put Trump right back in charge after ignoring him to stay peaceful and losing faith in him? You think that's how this should play out?

Nothing has gone our way that was supposed to in 8 weeks. Nothing. There has been 0 sign of anything even potentially going our way in the near future. If it's not over now, when is it over? When the 21st rolls along and Biden is inaugurated, are we just going to keep spewing the same "it's not over" shit?

When, if not now, is it enough to justify a revolution?

Yeah there seem to be two schools of thought going on here:

1. “Don’t fight LEOs, or you’re as bad as the Dems!”
2. “Fuck it, it’s on. We don’t give a shit about optics anymore”

Personally, my third option take is that we should use their favorite cards against them and play this off like it’s just an honest protest. No double standards. This is “mostly peaceful” if their shit was.

Lip service. Patriots have had enough. It's time to make life a living hell for all those washington scumbags. They wanted to fuck around, now they're going to find out. This is what happens when you spend every fucking day calling 80 million Trump supporters "Nazis". This is what happens when Trump supporters get tired of being attacked. This is what happens when you blame white Americans, and America, for all the ills of the world. This is what happens when you don't let people live their life as they please. This is what happens when the sleeping giant wakes up and realizes that both scumbag democrats and coward republicans are traitors. This is what happens when you steal an election from real Americans. This is what happens when they keep the people locked in, steal their money, and deny them their God given freedoms. This is what happens when patriots see the double standard play out day after day. This is what happens when politicians sell out the people that voted for them. This is what happens when people have nothing else to lose. The fight may be lost, but the war is not over. This is the best time to be alive because now it is up to us to take back our country. The corrupt media will smear us, they will attack us,

but our response will be one that they will feel to their core. STAY SAFE MY FRIENDS. GOD BLESS ALL OF YOU. NEVER BACK DOWN AND ALWAYS REMEMBER THAT WE FIGHT FOR OUR FREEDOM, LIBERTY, AND PURSUIT OF HAPPINESS.

His whole plan was to get Pence to reject the electors. Once he fell through he had no fallback plan.

What's the point of the right to bear arms and stand up for our constitution if we can't fight back when there's tyranny.
